Mines and Minerals of Arizona

LEADVILLE MINING CO

A Fine Group of Copper Claims Located Near Pearce.

In a recent visit to the Dragoons in the vicinity of Pearce, we were shown over the Leadville Mining company's property by its president, William Holmes, says the Wilcox Range News. This property has one of the most flattering showings the writer ever had the pleasure to visit, for a prospect. In reality it is more of a mine than a prospect, there being something over 800 feet of development work done.

The Leadville property is located about eight miles south of Pearce and is a very decided copper property, running on an average of probably 12 to 15 per cent. We saw ore on the dump that would go 40 per cent.

The Leadville people control a group of eight claims, which are on a contact between porphyry and lime, and the whole surface being a mass of copper croppings. There is also an immense iron dyke running the entire length of the group, from 100 to 1,000 feet wide.

Armed with prospectors' picks we descended several of the shafts, varying in depth from 50 to 100 feet and began investigation on our own account. It made but little difference where we picked into the surrounding walls, for nearly every stroke knocked off pieces of fair grade ore. Another noteworthy feature about the workings is the fact that one can take a pick and shovel and dig to his heart's content, very little blasting being required.

Mr. Holmes estimated the ore on the dump and what is blocked out in the different workings at about \$100,000. This figure we believe through personal observation to be very conservative.

This company was recently organized and capitalized at \$600,000—an exceptionally low capitalization for a company with the prospect these people can boast of.

The Leadville property has been owned for a number of years by Messrs. Wm. Holmes and Henry Fitz. They worked the property to its present stage of development, and through lack of enough capital were compelled to organize a company.

The Great Western Copper company's property adjoins the Leadville property on the south. We are told this company shipped 250 cars of ore, netting \$151,000.

TUCSON MINING NOTES.

We are again informed that the Helvetia copper mines will soon be rehabilitated and worked on a larger scale than ever.

Work is progressing on the Little Helvetia property by running a tunnel to out the main ledge. The bond on the property has some months to run yet. The parties will push the work as fast as possible.

It is said that work will soon be resumed on some of the large copper mines in the Silver Bell district. There are copper properties in this district that we predict will some day rival the Elbe copper mines.

Considerable activity is being shown in mining in the Catalina mountains. Charles Udall is opening up some very fine copper ledges. The ore goes 12 1/2 per cent in copper and carries \$5 in gold per ton. Several hundred tons of such ore is now on the dumps. Some twenty or more men are steadily at work and the prospect is exceedingly promising.

Work will soon commence on the Sam Hall group of mines near Southern Bell. These are what are considered very fair prospects for the making of paying mines. The ledges are large, the gold is almost all free and the tests have shown from \$7 to \$30 per ton. We are told the average was over \$15. In this vicinity are other promising ledges both copper and gold.

The project for a smelter to be erected at Tucson seems in a fair way of accomplishment. The capacity will be 200 tons of ore per day. From Mr. Robinson, the manager, we hear that \$200,000 will be put into the plant. Heretofore projects of this kind at Tucson have been failures for want of funds, but this amount, if used judiciously in handling ores, will insure success.—Miner and Stockman.

Will close my store for the season on May 15 and will sell my stock of Indian rugs, baskets and Mexican drawn work, etc., at a great reduction until that date. Major Ed Schwartz, No. 9, W. Adams St.

A NEW COMPANY

Formed to Exploit the Casey Mine at Dos Cabezas.

The Chicago and Arizona Copper company with headquarters at Wilcox has been organized with a capitalization of \$2,000,000.

This company has obtained the Casey copper property in the Dos Cabezas district and the promoters are all local parties of high standing.

T. B. Chattman, the merchant of Dos Cabezas is president, W. F. Nichols of Wilcox, lumber dealer, vice president; P. B. Soto, of Wilcox, of the firm of Soto Bros., merchants, secretary and treasurer.—Range News.

FREE DEMONSTRATION.

D. G. Wilson, local representative, and J. J. Brown, assistant superintendent of the International Correspondence school will give free demonstrations of the method of teaching Spanish with the phonograph, in the Adams hotel sample room Monday and Tuesday, May 4 and 5. Their method of instruction has been awarded by the West Point Military academy and this will be an excellent chance for the Phoenix people to see what the I. C. S. is doing in language instruction.

Now that cream is in demand because of strawberries a North Atchison family has five cream pitchers on the table so that the five members of the family may get their exact share.

APPRECIATIVE ADVERTISERS

What California Business Men Say of the Republican.

The merchants of southern California have learned in the course of the last five years the best way to reach the Arizona trade. It was five years ago that The Republican called the attention of the merchants, hotel men and business men generally to the fact that there was no other way in which so many of the people of this territory who have money to spend might be reached. The business of this paper with California advertisers has since then steadily grown until it is now at high water mark.

All of those advertisers who were induced in the beginning to address the people of Arizona through these columns are doing so yet, and each year has witnessed the addition of many new names to the list of California advertisers. It may be added that the list includes the best.

Year by year the railroad companies have been increasing the facilities for travel to the coast until now the tourist trade has become one of the chief sources of income for the railroads, and at the same time they throw into southern California an important element of commercial prosperity, perhaps the greatest element of all during the summer tourist season.

This will be an unusually prosperous year in this territory, with the extraordinary mining, agricultural and cattle growing prospects. This will naturally increase the tide of travel and the benefits to the merchants of Los Angeles, San Diego and all points frequented by Arizona visitors.

Those merchants who have made a study of their opportunities now believe that they can become acquainted with more prospective tourists through the medium of The Republican than they could by the aid of any five other publications. Many of them have testified to that belief, and below are printed several of such voluntary and unsolicited testimonials:

On this subject the Farmers and Merchants' National bank, the largest bank in southern California, with deposits of more than \$7,000,000, says: The Farmers and Merchants' National Bank of Los Angeles, Los Angeles, Cal., Feb. 26, 1903.

To whom it may concern: For some months past we have advertised regularly in The Arizona Republican, published by the Arizona Publishing company, and we believe the advertisement has been of considerable benefit to us.

With the circulation of said paper as claimed by them we would consider The Arizona Republican an excellent advertising medium for those wishing to be put in touch with the Arizona people. Respectfully,

HERMAN W. HELLMAN, Vice President.

Wm. H. Hoegee & Co., the largest sporting goods house, wholesale and retail, in the state, says:

Wm. H. Hoegee & Co., Incorporated, Los Angeles, Cal., Feb. 25, 1903. Since commencing our advertising campaign with The Arizona Republican only a short time since, we have received many valuable returns throughout the entire territory. As a medium for dollar bringing results The Arizona Republican is increasing our mail order department notably.

V. H. PECK, Adv. Mgr. Wm. H. Hoegee Co. One of the first firms in southern California to advertise with The Republican, and its advertisement has never been withdrawn, is Howland & Co., photographic supplies. The following is the testimony of this firm:

Howland & Co., Photographic Supplies, 213 S. Broadway, Los Angeles, Cal., Feb. 25, 1903.

Arizona Publishing Co. Gentlemen: We have used The Republican every issue since we began a special campaign in Arizona between two and three years ago, and find this a most satisfactory method of covering the whole field for our line—general photo supplies. We rely on your paper exclusively for Arizona advertising. Yours respectfully,

HOWLAND & CO., Per J. O. Ford.

Next comes the Hotel Nadeau, one of the best patronized hotels on the coast and one of the oldest advertisers in The Republican. The experience of the Hotel Nadeau has been very satisfactory. Of it the management says: Hotel Nadeau, Alden & Thompson, Proprietors.

Los Angeles, Cal., Feb. 26, 1903. The Arizona Republican, Phoenix, Ariz. Gentlemen: It gives us great pleasure to recommend your valuable paper to any one needing an advertising medium to reach Arizona business. We have been advertising with you for several years and have seen many direct results from the same. We deem it no more than right to acquaint you of the fact, as well as others who wish to be advised of the effectiveness of your paper as an advertising medium. With wishes for your success, we remain, yours very truly,

ALDEN & THOMPSON, Hotel Nadeau.

There is another firm, with 200,000 acres in the rich Imperial country, the developers of the greatest arid tract in America, the Oakley-Paulin Co. This firm says of the result of its advertising in The Republican:

Oakley-Paulin Co., District Agents for Imperial Land and Water Rights, Los Angeles, Cal., Feb. 26, 1903.

The Arizona Republican, Phoenix, Ariz. Gentlemen: In answer to your inquiry as to the results we obtained from advertising in your paper, beg to reply that the advertising we did with you was eminently satisfactory in every respect. We have been interested in the sale of lands and water rights in the Imperial valley in San Diego county, Cal., and our attention was called to your paper as a medium for placing before the residents of Arizona this proposition. We were not disappointed in the results received from the advertising we did with you. Yours truly,

OAKLEY-PAULIN CO., Per J. W. Oakley.

Within a comparatively short time The Republican has made the name of James Smith & Co. familiar to all Arizonians, as may be seen from the following communication from the firm:

James Smith & Co., Clothiers, Los Angeles, Cal., Feb. 26, 1903.

A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."

John W. Meng. THE most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative in Congress from Alabama, writes the following letter to Dr. Hartman: House of Representatives, Washington, D. C.

The Peruna Medicine Co., Columbus, O. Gentlemen—"I have used one bottle of Peruna for indigestion, and I take pleasure in recommending it to those who

need a good remedy. As a tonic it is excellent. In the short time I have used it it has done me a great deal of good."

Willis Brewer. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

To whom it may concern: Have used The Arizona Republican for three months with very satisfactory results, and believe it to be a good medium for merchants to reach a first-class trade. Respectfully yours,

JAS. SMITH & CO. (Clothing.) The Regal Shoe company is regarded as one of the most judicious advertisers in the United States. Its advertisements are seen only in publications of a high grade, such as magazines and papers having an extensive circulation. It deals as all the world knows directly with the people and it is necessary that it should reach as many of them as possible. The Los Angeles branch of this company says of its advertisements in The Republican:

The Regal Shoe for Men and Women. This is to certify that we have occasionally during the past year run large display ads. in The Arizona Republic-

can to our entire satisfaction. The Regal Shoe is advertised in all the leading magazines, hence it is somewhat difficult to realize just from what source the results come. Our use of The Republican to cover the Arizona field bespeaks our opinion of it as a medium for securing mail orders. Very truly, THE REGAL SHOE, A. S. VAN DEGRIFT, Mgr. No. 222 West 3d st., Los Angeles, Cal.

If you wish bargains in Navajo rugs, Indian baskets and curios of all kinds, come at once as I close my store on May 15. Major Ed. Schwartz, No. 9 W. Adams St.

HE REMONSTRATES. She—I wish I could play golf well, but I am not at all clever. He—Don't be unreasonable! You can not expect to play as well as you look.—Puck.

ALL LOOK ALIKE

--all have foam--all come in bottles--but there is a difference in beers. There is more good flavor, more sparkle, more health and vigor and strength in
